THE MAGAZINE FOR MEN IN EAST LEEDS

RICHARD WYATT

FROM W2 BARBERS
IN LS8

Richard Wyatt runs the popular W2 Barbers on Easterly Road in LS8, and has recently become a local “Manbassador”. The Manbassador project is a network of local businesses in Leeds who can point their male customers to local activities and services to support their health and wellbeing. Businesses include chemists, chip shops and launderettes.

Richard says, “Barbershops are a place where a guy can spend half an hour or so having a private 1-1 chat in a casual and relaxing environment with someone who listens and cares. There are men who experience depression and loneliness, isolating from friends and family and I might be the only guy they interact with.”

In Leeds, men are FIVE TIMES more likely than women to take their own lives, which is why Richard is keen to help, for example with his support for the Orion Northern Man Festival in 2019. He is now trained to spot the signs when men are feeling out of luck, depressed and suicidal. “The training teaches us to know what we see, what to say and where to signpost the men.”

“We have a team of barbers and hairdressers who take an interest in our customers and it is great to be a local Manbassador. Everyone is welcome to come for a haircut when we come out of Lockdown, but more importantly, to have a conversation with us here at W2.”

MANBASSADOR VOUCHERS

Manbassadors are a network of local businesses looking out for local men. Some of them offer discount vouchers. The new National Lockdown means that we have fewer of these vouchers at the moment - but we hope to have more soon!

TALES FROM THE LOCKDOWN

Chester is a member of the Feel Good Factor Connect Men's Club. They meet every Tuesday online. (See Groups & Activities section for more details.)

“ Since Lockdown, I have spent even more time on my allotment. It stops me being stuck indoors and it's a good, productive way to spend my time.

I am a retired photographer and I have now joined a photography group where I am showing the others how to take photos, compositions, etc. It's good to be involved again. Sadly, this will have to stop now because of the new Lockdown, but I am going to keep in touch with everyone on Zoom.

I never bothered with Zoom or WhatsApp before but, since Covid, I have learnt how to do it. I had to upgrade my phone but it was worth it - I've been talking to my brother in America for free. Plus I have kept in touch with everyone in the men's club.

I think that getting outside has been really important for me - always has. That's why my allotment is good. But I think even if you haven't got an allotment, you can still go for walks. It makes a big difference.

IT IS SCIENTIFIC FACT THAT HUMAN CONNECTION MAKES YOU FEEL BETTER ABOUT YOURSELF, LESS ANXIOUS, MORE TRUSTING AND MORE TRUSTED. IN THESE TOUGH TIMES, YOU CAN STILL CONNECT. WHY NOT TRY SOME OF THESE WAYS BELOW?

JOIN AN ONLINE GROUP

MEN'S CLUBS HAVE MEN OF ALL SHAPES, SIZES AND AGES

These online clubs can give real structure to the week; they give a chance to see and make friends, share your thoughts, have a joke and feel good. You will find lots of these groups over the page. If you do not have the equipment you need to join in, please contact us - we might be able to help! (See contact details over page.)

“ We don't judge each other in the group. We call ourselves brothers because we know we're in this together - David

“ It has helped me to regain more of my confidence and personality - Lee

“ I always feel more relaxed after our meeting - Anil

CONNECTING WITH YOURSELF...

- 1 Close your eyes, take deep breaths and relax
- 2 Notice parts of your body that might feel a bit tense and relax those parts
- 3 Picture someone in your mind who is close to you
- 4 Think of a memory you shared together, and picture their face
- 5 Remember a time where they made you feel good
- 6 Remind yourself that you won't be isolated forever, and look forward to times you will spend together with that person. They would be with you if they could.

...THIS EXERCISE CAN HELP IF YOU ARE WORRIED, ANXIOUS OR FEELING DISTANT FROM OTHERS!

MASLOW'S HIERARCHY OF NEEDS

USA PSYCHOLOGIST, ABRAHAM MASLOW CREATED THIS THEORY, WITH OUR MOST BASIC NEEDS AT THE BOTTOM AND THEN BUILDING UPWARDS FROM THERE.

You can still be social, even if you are missing some of the things underneath. In this edition, we look at ways you can connect with others.

Having these makes it easier to get the ones above. If you do not have food, or are in poor health, then look at the services over the page. There is someone there to help.
